

A BITTER DISAPPOINTMENT.

Bob Burdette fails to show up at the Preston teachers' institute. Special Correspondence of the Intelligencer.

TERRELL, W. VA., August 4.—Yesterday every bulletin in town and every speaker at the teachers' institute proclaimed the coming of Bob Burdette, who would deliver a lecture before the teachers. Every town within a radius of twenty miles had a delegation present. Sixty people came through the country from Kingwood to hear the lecture. Two hundred and fifty tickets had been sold and as many more were wanted. Every effort had been made by the local committee to make the accommodations sufficient and comfortable. Everything was expectation, even to such an extent that there was great surprise and disappointment when a telegram was received from Bob at Cumberland saying, "Great Scott! I thought it was Thursday night. Will Thursday night do? Answer quick." This was counted an odd mistake by all for a regular lecturer to make. A bulletin was posted saying that Bob would commence his lecture at 10:30 and that Prof. Houck would deliver a lecture till that time. Prof. Houck ably entertained the crowd present till that time, but when the train arrived another disappointment was in store, for no Bob was there. The people gave it up and dispersed. Some blamed Mr. J. R. Trotter, who had put forth a great effort to secure a good lecture for the teachers, for which he deserves commendation, but sober thinkers lay the blame in another place. Intense expectation was followed by intense disappointment.

The work of the institute is still progressing in a very interesting manner. The attendance, both of teachers and of visitors, is greater than ever before.

This afternoon State Superintendent Morgan appeared and was introduced to the teachers. He gave an interesting talk, first commending the teachers of Preston for the enthusiasm shown in their work, and then discussing plans for raising the standard and for making the teachers' work more effective. Preston teachers are now more enthusiastic than ever, and will do their part if they are supported by the proper authorities.

BELLAIRE.

All Sorts of Local News and Gossip from the Glass City.

Harvey DaBusck is a curious character, who was doing a good business as a baker in Winona, Minn., but he was suddenly seized with a notion to leave during his wife's absence on a visit, and the manner of his departure brought Deputy Sheriff A. W. Foutman to this city after him. He left his business and his wife and three children and brought with him his horse, on which he had given a chattel mortgage, and a buggy he had hired at a livery stable for a few days. He made no attempt to cover up his tracks, but drove in daytime from Winona to La Crosse, Wis., and there shipped the whole outfit to Bellaire. He was arrested here and returned with the sheriff without any hesitancy. He brought a pointer dog with him.

Capt. William M. Ault, who has been with the Baltimore & Ohio here for twenty-five years, has resigned his position as chief freight clerk and will go to Muncie, Ind., to engage in the grocery business. Yesterday the employees with whom he had been associated presented him with a handsome gold-headed cane, Samuel McDonald, who is filling his place, making the presentation speech. Captain Ault is a son-in-law of Col. C. L. Poorman.

The neighbors of Lavina Garrard, who had boycotted the butchers, bakers and milk peddlers who would sell to her prior to her jail sentence for shooting at some boys, breathe easier since they have learned that she has authorized her attorney to sell off all of her household goods and the house, too, if he can get a fair price for it. Her jail sentence has not yet expired and she is still at St. Clairsville.

Bellaire people are greatly disappointed that the Bellaire nail works is not to start at once, and fear the result of the conference means long delay. This grows out of their anxiety to have the works going, however, and not from any reason they have. There was nothing in the conference to indicate long delay beyond the fact that the scale was not signed.

The Harvest Home picnic that was to have been held at Stewart's grove next week has been postponed until the 25th. Half a dozen of these picnics are announced for the next few weeks, and they are always interesting gatherings for the thrifty farmers after they have their harvest home.

Mr. James Wilson and wife are spending their vacation at the Burr's Mills camp ground. At least they are there to take in the whole course of entertainments during the present meeting. By the way, some of the lectures out there are high class and are rarely given on such occasions.

George Kern, Jr., was considerably bruised and had one leg sprained by jumping from a wagon when his brother Andy's horse ran away the other evening. The wagon was demolished. It was at first thought the boy was not injured badly.

One of the numerous families that live along the banks of the river in shanty boats, got up such a row here the other day, that after a lawsuit they sold the boat and divided the proceeds, and the man and his wife took different routes.

Both the sporting horse teams from this city will go to Salem to take part in the Northwestern Ohio Volunteer Firemen's Association tournament, and will contest for the purses, that vary from \$50 to \$100 for firemen's races.

Give me something quick." Mr. Ralston looked at him with astonishment, and after inquiring about the case, gave the young man ten grains of ipecac. The young man hurried out of the store. He was seen afterwards but refused to give the name of the would-be-suicide. It is said that she lives on Fifth street near Park, and is quite respectable.

Dragonage Won't Do!

Not with the liver. Violent cholagogues, like calomel and blue pill, administered in "hercule" or excessive doses, as they often are, will not permanently restore the activity of the great hepatic organ, and are productive of much mischief to the system generally. Institute a healthy reform, if inactivity of the liver exists, with Hostetter's Stomach Bitters, which insures a regular discharge of the secretory function of the liver, and promotes due action of the bowels without griping or weakening them. The discomfort and tenderness in the right side, nausea, for upon the tongue, yellowness of the skin and eyeballs, sourness of the breath, and sick headache, which characterize chronic biliousness, disappear, and digestion—always interfered with by biliousness—resumes its former activity. The Bitters annihilates malarial complaints, rheumatism, kidney trouble, and is a promoter of healthful repose.

CAN chronic diarrhoea be cured? Those who think not should read the following from Mr. Joseph McGuffin of Spaulding, Union county, Iowa. He says: "I was troubled for years with chronic diarrhoea and used many kinds of medicine; but nothing with permanent effect for good, until I tried Chamberlain's Colic, Cholera and Diarrhoea Remedy. I would say to every one in need of medicine for the ailments mentioned and kindred diseases try the Remedy, and like myself, you will never be without it in your home." 25 and 50 cent bottles for sale by druggists.

A BOLD MOVE.

Putting the Practice of Medicine on a Business-like Basis.

Drs. Copeland and Davis Treat All Patients and All Diseases at the Uniform Rate of \$5.00 a Month. Why they Resolved to Make this Move.

The already large practice of Drs. Copeland and Davis has been increasing more rapidly than ever since they decided to treat each and every patient and all diseases at the extremely low rate of \$5.00 per month. Heretofore this rate applied only to catarrhal troubles.

This small sum brings the services of a physician within the reach of everyone and does away with expensive drug bills. There is no excuse now for a sufferer to silently endure his disease for fear of the expense attached to consulting a specialist.

Drs. Copeland and Davis make a specialty of treating catarrh and kindred diseases; and right here we must remind all sufferers that this is the most favorable time in the whole year for the treatment of catarrhal, bronchial and lung troubles. The liability of catching cold at this season is reduced to the minimum and nature lends her aid to the work of the physician. Patients suffering from severe throat and lung troubles can now go out of doors and visit the office of the physician without exposing themselves to the danger of fresh colds and the system is rendered extremely susceptible to proper and scientific treatment. This is, above all periods, the time for the treatment of these troubles. Avail your self of the opportunity.

HEAD AND STOMACH TROUBLE.

Mr. John McKenney, of New Cumberland, W. Va., Describes How Neglected Catarrh Affected His Head and Stomach and How He Was Cured by Drs. Copeland and Davis.

"My troubles date back at least ten years." says Mr. John McKenney. "It began with a cold, followed by repeated colds and then became chronic."

"My head was nearly always stopped up and there was a continual discharge internally from the nose, requiring spitting and hawking to remove. I had headaches sometimes of a most violent character. I had a sore throat most of the time, which was made raw and inflamed by the constant dripping of the discharge. My right ear also became seriously affected and discharged a great deal. I had pains in the chest, back and sides, and suffered from indigestion. My stomach seemed to be all wrong. I had no ap-

petite, and what food I ate gave me the greatest nausea. I did not sleep well, and arose in the morning more tired than when I went to bed. Within the year my troubles became so serious that I felt that something ought to be done. Some time ago I noticed that the newspapers were publishing a great deal about the wonderful cures of Drs. Copeland and Davis, and I was convinced that if I went to them I would obtain relief. I did so, and under their methods I began to improve right away. The improvement was steady and marked and a permanent cure was sure, and now I feel first rate. My head is better, there is less hawking and spitting, and I am better in every respect. I eat well and sleep well, and find myself strong and refreshed in the morning and am in very good condition.

"I am so well pleased and satisfied with the result that I gladly make this statement for the benefit of those who may be looking for the right physician to give them relief. I hope this statement may be the means of inducing others to seek Drs. Copeland and Davis and obtain the same beneficial result that I have."
